//Report on water conservation facilities//

Water conservation facilities are available in the college in the following way:

- Rain water harvesting system has been installed at two places in the campus to recharge rain water coming from the roofs of different departments.
- Open well recharge system has been developed at two places in the garden behind the college .
- Waste water coming from water purifiers and canteen is diverted to irrigate the plants.
- There are two borewells with submersible pumps and seven overhead tanks in the college. Water is distributed through pipe lines in all the toilets, girls hostel, canteen, common rooms, library, labs and departments and the garden .

A handwritten signature in green ink, appearing to be "S. K. Singh".
