7.1.3 facilities in the institution for the management of the following types of degradable and non-degradable waste: Solid waste Management:

solid waste management is the process of collecting and managing the solid wastage in the college campus the institution has a well-planned mechanism for the management of especially solid wastes. The following methods for their management are as under:

- solid waste composting process
- disposal by hog feeding
- disposal by ploughing into the fields
- solid waste open burning to the minimum level only in the case of stationary waste

the solid waste is collected by the college staff and teaching and non-teaching staff take part in cleanliness drive on every Saturday
